Clinton Figure Skating Club March 2009 Newsletter

Special Olympics Skating Program

This program concluded on February 20, 2009. The program has proven to be very well received by our skaters and their families. Skaters have demonstrated increased confidence and progress on the ice through their participation in this program. Sandi Mahoney expresses her appreciation to all of the loyal volunteers who have made this program possible. The Special Olympics program will be available again during Clinton Figure Skating Club's Spring Ice program, which begins March 30, 2009. For information please contact Sandi Mahoney at 336-5406
